2020

ABOUT US

INCEPTRA

Netaji Subhash Engineering College, established in 1998, has always derived and inculcated the ideals of Netaji Subhash Chandra Bose, in every of its part, mission and vision. The curriculum and educational structure of the college stands out to reflect integrity and values. Enthusiasm of the young and vibrant student and the authority always made it a huge success in every field. So to keep up the unity and grace, now, the Department of Information Technology has come up with the biggest Alumni Meet, “INCEPTRA 2020”, headed by Dr.(Prof) Chandan Banerjee (HOD IT Dept.).

Recurssion is the official alumni association of Department of Information Technology, NSEC, headed by Dr. (Prof) Chandan Banerjee. The motive of ‘recurssion’ is to promote interaction between the corporate members and the pass out graduates with the current students for guidance and words of experience. “Recurssion” will present “INCEPTRA”, 2020. It is again an official attempt aimed at unifying the students of the department and a combination of cultural events and words of guidance. To make it a grand event and an experience worth cherishing, we request you to be an integral part of and help us by sponsoring our event.

Reach

Inceptra is the annual alumni meet by Recurssion, the official alumni association of IT, NSEC and is organized annually. It is successfully scaling new heights every year with the footfall of at least 300 students and alumni covering from different parts of the country. With more number of alumni participating this year higher aims and goals. What spices up most is the fact that, like every year, an individual guest's performance has also been added to the kitty.

Why sponsor us ?

- Inceptra expects a gathering of more than 300 people which includes professionals from different IT sectors from the country. Hence it's a intellectual affair.
- A special guest performance has been added to the event which will attract more number of alumni and students and promote your brand in the wider arena.
- Netaji Subhash Engineering College recently being among top 100 colleges and ranks 3rd private college of West Bengal, is a reputed institute and IT department is one of the top departments of NSEC. Inceptra is one of the biggest events of NSEC and IT department hosts alumni from different business profiles throughout the country.
- Inceptra, having a footfall of around 300 people would definitely help you in promoting your venture.
- Promotion of your brands would be down via pamphlets , invitation cards our online website and banners on the day of our event. Guests would be requested to visit your website or download your apps.
